

Making a difference by supporting communities near and far away

We currently hold a Christian Aid bronze award for being a global neighbour. Next year we'll be going for silver as we consider how we can make a difference to communities in other countries. Each year we take part in Torbay civic award where our Y6 pupils complete community projects.

Making a difference to the environment with our community

Gardening, beach cleans, supporting the Seal Project working with our community on the Coronation meadow and gardening at Greenway

Making a difference to others by taking part in community events

We work closely with our local residential home, inter generational work is important to us which is why we have become a dementia friendly school. Beyond borders is a local refugee charity. Our learning enquiries help us to understand the plight of others and why some people are forced to flee

Making a difference to others through our charity work

We support a large number of charities including Christian Aid, Bristol children's hospital, sound communities, Brixham food bank and more. Our work isn't just about raising much needed funds, we aim to educate others and be courageous advocates for those less fortunate than ourselves.

SOUND COMMUNITIES
